**WILLIAM M. TREAT
PRIMARY EXAMINER**

Art Unit: 2183

The following is an examiner's statement of reasons for allowance: While the prior art taught measuring processing speed of at least a portion of an integrated circuit to produce a measured speed and based on that measured speed adjusting supply voltage to the integrated circuit to reduce power consumption, it did not teach comparing the measured processing speed to the critical processing speed for the at least a portion of the integrated circuit and adjusting supply voltage to the integrated circuit to reduce power consumption as claimed by applicants and as defined by applicants on page 13, lines 23-27, of their specification..

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication should be directed to William M. Treat at telephone number (571) 272-4175. The examiner works at home on Wednesdays but may normally be reached on Wednesdays by leaving a voice message using his office phone number. The examiner also works a flexible schedule but may normally be reached in the afternoon and evening on three of the four remaining weekdays.
